PART II. Applicant Information

Name of co-owner:

Email of co-owner:

last name	first name	email address	
cell phone	home phone	work phone	
applicant's address	city/town/village	state	zip code

PART III. Property Information

street address of project/property	section, block and lot (SBL) number	acres	zone
Property owner's information, if different from Applicant's:			
last name	first name	email address	
cell phone	home phone	work phone	

PART IV. Site Plan Information

current use	proposed use
Has the Zoning Board of Appeals granted any variances for this property? <input type="checkbox"/> yes <input type="checkbox"/> no	
The project is: <input type="checkbox"/> A new project with new buildings & improvements <input type="checkbox"/> A modification to an existing building <input type="checkbox"/> A modification to an existing developed site <input type="checkbox"/> A change of use of an existing building or site	Does the application contain the following? <input type="checkbox"/> Site Plan Review/Special Use Permit Application <input type="checkbox"/> Environmental Assessment Form (EAF), Short Form <input type="checkbox"/> Payment of all application fees <input type="checkbox"/> A completed Site Plan/Special Use Permit Application Checklist

PART V. Special Use Permit Information

In order to approve a Special Use Permit, the Planning Board must write findings that ensure the standards and requirements of the Village Code have been met. This questionnaire allows an applicant to assist the Planning Board in making the necessary findings. Factual and objective information is most useful, but if you include opinions, please explain the facts supporting the opinion.

Please answer the following questions and submit as an attachment to this application:

1. If located in a residential district, will the proposed use meet a community need or convenience? If so, in what way?
2. Considering a) the location and size of the use, b) the nature and intensity of proposed operations, and c) the size of the site and the location with respect to streets providing access, will the proposed use be in harmony with the appropriate and orderly development of the zoning district in which it is located?
3. Will the location, nature and height of the building(s) walls, fences and existing/proposed landscaping of the site hinder or discourage appropriate development and use of adjacent properties?
4. Will the operations connected with the special use be more objectionable to nearby properties by reason of noise, fumes, vibration or other characteristics, than operations of any permitted use not requiring a special use permit?
5. Are parking areas of adequate size for the use, properly located and suitably screened from adjoining residential uses, and entrance and exit drives laid out in a manner to ensure maximum and adequate safety?

Please note that the Village Code provides additional standards for the Special Uses listed below. Applicants for these uses should consult the Building Department staff to review the standards. Those uses are: residential in B2, Gateway; townhouse in R2, Historic; nursing home; funeral home; bars/tavern in B2; automobile storage and repair; gas stations; rooming houses; accessory apartment; hotel; outdoor café/restaurant; senior citizen development; commercial group; essential service; furniture/wall coverings; grocery store; nonprofit clubs, lodges, fraternal organizations; nursery school; general and professional offices; indoor commercial recreation; restaurant; fast food restaurant; retail business not otherwise mentioned; transportation use; warehouse/storage facility adjoining retail business; house of worship; shared space use; hostel

PART VI. Subdivision Information

property acquisition date _____ no. of lots to be created _____ minimum lot size proposed _____

existing development (if any) on lands to be subdivided _____

restrictions or easements affecting lands to be subdivided _____

other comments relative to application _____

PART VII. Certification

I, _____ do hereby certify that all information contained in this application is correct, that all requirements have been met. Further, the applicant acknowledges that a complete application must be received at least 14 calendar days prior to the Planning Board meeting in question (if applicable), and that in order to be complete the site plan/special use permit/subdivision application form, Environmental Assessment Form (if applicable) and payment of any application fees must be received by the Building Department.

Site Plan and Special Use Permit Checklist

____/____/20____

project name

application number

The following information is a summary of the Village’s Site Plan and Special Use Permit regulations, as well as Planning Board policies. All applications for Special Use Permits must provide the same information that is required for a Site Plan approval. It is the responsibility of the applicant to fully comply with the Village Code when preparing and submitting an application for Site Plan and/or Special Use Permit approval.

Please provide a digital copy and ten (10) copies of all site plan drawings, Environmental Assessment Forms (EAFs) and the Site Plan/Special Use Permit/ Subdivision/Pre-application Application to the Building Department for review by the Planning Board at least two weeks in advance of the scheduled Planning Board meeting. To be considered complete, an application for a Site Plan/Special Use Permit must be accompanied by a completed EAF, all fees must be paid, and the site plan drawings must conform to the following specifications.

	y	n	n/a	required drawing specifications
1.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	plans drawn to scale between 1”=20’ and 1”=50’
2.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	location map at a minimum scale of 1”=2000’
3.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	property boundary lines and dimensions clearly labelled
4.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	topographic features with two foot counters (unless waived by the Planning Board)
5.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	date, scale and north arrow clearly labelled.
6.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	name of owner
7.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	name and seal of engineer or surveyor
8.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	names of adjoining property owners
9.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	zoning district
10.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	existing ponds and streams, including NYS DEC water quality classifications
11.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	wetlands, as defined or mapped according to DEC and/or U.S. Army Corps of Engineers
12.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	100-year flood plains
13.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	forested areas with a general description of species types
14.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	mature trees (7” or more in diameter 12” from ground level)
15.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	rock outcrops

34.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	location of proposed loading berths
35.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	dimensions of proposed loading berths
36.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	location of proposed handicapped access ramp(s)
37.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	location of proposed entrances and exits to public rights of way
38.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	location of proposed driveway(s)
39.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	traffic signals or signs
40.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	channelization
41.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	acceleration and deceleration lanes
42.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	additional width of street(s)
43.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	other devices necessary for traffic safety
44.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	location and dimensions of proposed open spaces, parks, and/or recreation areas
45.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	location of proposed landscaping
46.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	specifics and size of proposed landscaping, with a one year plant guarantee note
47.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	location and design of buffer areas and/or screening devices
48.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	location of sidewalks, walkways and all other areas of pedestrian use
49.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	location of handicapped access ramps
50.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	sidewalk specifications (see Village of New Paltz Sidewalk Specifications)
51.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	location of existing and proposed water lines
52.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	location of existing and proposed sewer lines
53.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	location of existing and proposed power lines and poles
54.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	location of existing and proposed catch basins, storm sewers and culverts
55.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	location of existing and proposed fire hydrants
56.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	location, type and size of proposed lighting
57.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	location and type of underground and/or aboveground storage tanks
58.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	location of dumpster(s)
59.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	drainage calculations for 25-, 50-, and 100-year stormwater runoff
60.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	erosion and sedimentation control plan
61.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	measures for water control
62.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	lot coverage calculations, including buildings, structures, sidewalks, and paved areas
63.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	location, size and type of illumination of sign(s)
64.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	elevations of proposed buildings

I, the applicant, have read, understand and agree to the SEQRA information presented below:

The application for a Site Plan/Special Use Permit must be accompanied by a Short Form Environmental Assessment Form (EAF). The EAF is used by the Planning Board to determine the potential environmental impacts of the proposal. Although a completed Short Form EAF must be submitted with the application, the Planning Board may later require completion of a Long Form EAF if the Board feels the Short Form does not provide sufficient information. It has been the Planning Board's policy that the applicant prepare Part 2 and 3 of the EAF in draft form for the Board's review. The Board may change or request further information regarding Parts 2 and 3 of the EAF if they believe such changes or information are necessary to make the required determination of significance (negative, positive, or conditioned negative)

If the Planning Board determines that the project may have significant effects on the environment, a Draft Environmental Impact Statement will be required. Under Article 8 of the NYS Environmental Conservation Law (NYCRR617), the Planning Board can take no action for approval until the Board has examined the environmental consequence of the proposed project and made a determination of significance. In order for the Board to approve a Site Plan/Special Use Permit, they must make a determination that the project will not have a significant effect on the environment, or that significant environmental impacts can be mitigated or reduced by changes to the size, design, or alternative to the proposal. Such change may be a condition of Planning Board approval.

46.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	erosion and sedimentation control plan
47.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	measures for water control

I, the applicant, have read, understand and agree to the SEQRA information presented below:

The application for a Site Plan/Special Use Permit must be accompanied by a Short Form Environmental Assessment Form (EAF). The EAF is used by the Planning Board to determine the potential environmental impacts of the proposal. Although a completed Short Form EAF must be submitted with the application, the Planning Board may later require completion of a Long Form EAF if the Board feels the Short Form does not provide sufficient information. It has been the Planning Board's policy that the applicant prepare Part 2 and 3 of the EAF in draft form for the Board's review. The Board may change or request further information regarding Parts 2 and 3 of the EAF if they believe such changes or information are necessary to make the required determination of significance (negative, positive, or conditioned negative)

If the Planning Board determines that the project may have significant effects on the environment, a Draft Environmental Impact Statement will be required. Under Article 8 of the NYS Environmental Conservation Law (NYCRR617), the Planning Board can take no action for approval until the Board has examined the environmental consequence of the proposed project and made a determination of significance. In order for the Board to approve a Site Plan/Special Use Permit, they must make a determination that the project will not have a significant effect on the environment, or that significant environmental impacts can be mitigated or reduced by changes to the size, design, or alternative to the proposal. Such change may be a condition of Planning Board approval.

Short Environmental Assessment Form

Part 1 - Project Information

Instructions for Completing

Part 1 - Project Information. The applicant or project sponsor is responsible for the completion of Part 1. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

Part 1 - Project and Sponsor Information				
Name of Action or Project:				
Project Location (describe, and attach a location map):				
Brief Description of Proposed Action:				
Name of Applicant or Sponsor:		Telephone:		
		E-Mail:		
Address:				
City/PO:		State:	Zip Code:	
1. Does the proposed action only involve the legislative adoption of a plan, local law, ordinance, administrative rule, or regulation? If Yes, attach a narrative description of the intent of the proposed action and the environmental resources that may be affected in the municipality and proceed to Part 2. If no, continue to question 2.			NO	YES
2. Does the proposed action require a permit, approval or funding from any other governmental Agency? If Yes, list agency(s) name and permit or approval:			NO	YES
3.a. Total acreage of the site of the proposed action? _____ acres				
b. Total acreage to be physically disturbed? _____ acres				
c. Total acreage (project site and any contiguous properties) owned or controlled by the applicant or project sponsor? _____ acres				
4. Check all land uses that occur on, adjoining and near the proposed action.				
<input type="checkbox"/> Urban <input type="checkbox"/> Rural (non-agriculture) <input type="checkbox"/> Industrial <input type="checkbox"/> Commercial <input type="checkbox"/> Residential (suburban)				
<input type="checkbox"/> Forest <input type="checkbox"/> Agriculture <input type="checkbox"/> Aquatic <input type="checkbox"/> Other (specify): _____				
<input type="checkbox"/> Parkland				

<p>18. Does the proposed action include construction or other activities that result in the impoundment of water or other liquids (e.g. retention pond, waste lagoon, dam)?</p> <p>If Yes, explain purpose and size: _____</p> <p>_____</p> <p>_____</p>	<p>NO</p>	<p>YES</p>

Re: _____

Escrow Amt: \$ _____

State of New York)
County of Ulster) ss.:
Village of New Paltz)

I, _____, being duly sworn, hereby
depose and say:

1. That I have been advised of the requirements of Village Code section 212-66, which states:

A. Fees.

Those fees not specified in this chapter shall be in accordance with a list maintained by the Building Inspector and posted conspicuously in his office.

B. Escrow Deposits.

(1) In connection with any application for a special permit, site plan or subdivision approval, zoning amendment, Variance, or other appeal, the reviewing board may require an applicant to deposit an initial sum of money into an escrow account in advance of the review of the application. Said sum shall be based on the estimated cost to the Village of reviewing the particular type of application before it. The reviewing board may consider the professional review expenses incurred by neighboring municipalities in reviewing similar applications. The reviewing board may also consider the Village's survey of professional review expenses in determining the initial sum of money to be deposited in an escrow account by an applicant.

(2) Use of funds.

(a) Said sum of money shall be used to cover the reasonable and necessary costs of reviewing an application. Costs may include staff costs or consultant fees for planning, engineering, legal, and other professional and technical services required for the proper and thorough review of an application. The reviews governed by this section shall include all environmental review pursuant to law including review of the proposed action under the State Environmental Quality Review Act (SEQRA).

(b) The review expenses provided for herein are in addition to application or administrative fees required pursuant to other sections of the New Paltz Village Code. Monies deposited by applicant pursuant to this section shall not be used to offset the Village's general expenses for professional services for the several boards of the Village or the Village's general administrative expenses.

(c) Fees charged strictly as a result of a SEQRA review shall in no event exceed the maximum amounts that can be charged pursuant to the SEQRA regulations by the lead agency.

C. Upon receipt of monies requested for an escrow account, the Village Treasurer shall cause such monies to be placed in a custodial non-interest bearing account in the name of the Village and shall keep a separate record of all such monies deposited and the name of the applicant and project for which such sums were deposited.

D. Upon receipt and approval by the chair of the respective board of itemized vouchers from consultants for services rendered on behalf of the Village regarding a particular application, the Village Clerk shall forward the approved vouchers to the Village Board of Trustees for audit and approval. Upon approval by the Village Board of Trustees, the Village Treasurer shall cause such vouchers to be paid out of the monies so deposited, and shall charge the separate record of such account accordingly. Upon request, the consultant shall make copies of such vouchers available to the applicant at the same time the vouchers are submitted to the Village.

E. The Village Board of Trustees shall review and audit all such vouchers and the chair of the respective board and Village Board of Trustees shall approve payment of only such consultant charges as are reasonable in amount and necessarily incurred by the Village in connection with the review and consideration of applications. A charge or part thereof is reasonable in amount if it bears a reasonable relationship to the average charge by consultants to the Village for services performed in connection with the review of a similar application. In auditing the vouchers, the board may take into consideration the size, type and number of buildings to be constructed, the topography of the site at issue, environmental conditions at such site, the infrastructure proposed in the application and any special conditions the board may deem relevant. A charge or part thereof is necessarily incurred if it was charged by the consultant for a service which was rendered in order to protect or promote the health, safety or other vital interests of the residents of the Village, and to protect public or private property from damage.

F. In no event shall an applicant make direct payment to any Village consultant.

G. If at any time during the processing of an application there shall be insufficient monies on hand to the credit of an applicant to pay the approved vouchers in full, or if it shall reasonably appear to the reviewing board that such monies will be insufficient to meet vouchers yet to be submitted, the reviewing board shall cause the applicant to deposit additional sums as the board deems necessary or advisable in order to meet such expenses or anticipated expenses.

H. In the event the applicant fails to deposit the requested review fees into an escrow account, any applicant review, approval, permit or certificates of occupancy shall be withheld or suspended by the reviewing board, officer or employee of the Village until such monies are deposited.

I. Upon completion of the review of an application or upon the withdrawal of an application, and after all fees already incurred by the Village have been paid and deducted from the escrow account, any balance remaining in the escrow account shall be refunded within 60 days after the applicant's request.

J. Consistent with the terms of this section, each board may from time to time set the appropriate escrow deposit for particular types of applications. A schedule of such required escrow deposits shall be kept on file in the Building Department and in the offices of the Village Clerk and secretary of the appropriate board. If no such escrow deposit is set in advance by the respective board, the Building Inspector or secretary shall consult with the chair of the respective board to determine the appropriate escrow deposit. Such escrow deposit shall be collected at the time the application is filed, and no application shall be deemed administratively complete until such escrow deposit has been received.

2. I agree to comply with the requirements of Village Code section 212-66.
