

Work Scope to be Reviewed at CFA 2025 CDBG Hearing -
April 9, 2025

John Davidson, PE of Brinnier & Larios PC met with Village personnel to identify potential work activities for the possible CFA 2025 Community Development Block Grant Small Cities funding application. Based on that input the following streets are tentatively being considered for rehabilitation/replacement of sanitary sewers and manholes:

1. Main Street (between Harrington Street and Village Boundary to the east);
2. North Manheim Boulevard (remaining portion between Main Street and John Street);
3. Millrock Road (remaining portion between John Street and Henry W. Dubois Drive);
4. * North Oakwood Terrace (remaining portion between John Street and Henry W. Dubois Drive):
5. John Street (from North Manheim Boulevard to Prospect Street).

*This portion may have already been rehabilitate/replaced, requires further review and confirmation.
